Andrew, do you have a copy of the original IA that I can get to Tom Leubke?

Robin - this morning I received a request from our D.C. folks asking if I could provide them with a copy of the interagency agreement and work authorization form for the peer reviews being provided by the USGS (Dr. Jipson) and the USACE (Dr. Olsen) on Reclamation's Gold King Mine Incident Review.

I recall that perhaps both agreements were handled out of your office.

I am copying Dr. Paschke of the USGS as well since I see her name on the earlier emails on this subject, in case she might have copies.

I can be reached at 303-445-2600 if you have questions.

Thanks.

Tom this came in at \$50k, is that in the ball park, see the SOW to be sure you are getting the peer review you want.

Hi Robin,

Please find attached a brief scope and an a-k spreadsheet for Dr. Randall Jipson to participate in the DOI review of the Gold King Mine release. Thank you for this opportunity and let us know how to proceed.

Regards,

Suzanne
